

STOCKTON SHELTER FOR THE HOMELESS

Welcome
Home

WISH LIST

Stockton Shelter for the Homeless case managers work tirelessly to find affordable housing for our residents. Most of them have very few possessions, often nothing more than a backpack with a couple of changes of clothes. You can help make the transition from the shelter to a home easier by providing items for the “Welcome Home” program. Providing some basic household and personal necessities when an individual moves out of the shelter will help get them settled in their new home and tide them over until they can purchase these items on their own.

Donations can be delivered to the shelter Monday - Friday from 9 - 12 and 1 - 7 at 411 S. Harrison Street. **Be sure to mark the donations for the “Welcome Home” project.** Financial donations are gladly accepted, as well.

For more information, please contact our Director of Development Rebecca Fisher at (209) 465-3612 or rebecca@stocktonshelter.org.
